

Since 1989, the Dance Championships has consistently kept things simple and timeless. We believe you shouldn't have to know the elements of the periodic table, study other-worldly metals for medals, or graduate from the Gemological Institute of America to know how your children placed. It's simple: first place GOLD, second place SILVER, and third place BRONZE. Play our new match game featuring real world examples from throughout the dance competition industry. Good luck!

# SUPER DUPER DOUBLE RUBY RED MATCH GAME
